Collection Guidance

Timing and location

We collect your recycling bin one week and rubbish bin the next. Bins should be clearly visible, identifiable and accessible by our crews. Make sure your bins are placed at the kerbside the night before or by 5am on your collection day. Please bring bins back onto your property after your collection.

Assisted collections

If you are unable to put your bin out and have nobody to help you, please contact us, we may be able to arrange an assisted collection.

Missed bins

If we missed your bin due to operational issues, we will return before the next collection. Please leave your bin out. Known issues are updated on the website. If you have forgotten to put your bin out for collection, we cannot return.

Extra waste

We do not take excess rubbish placed on, next to or overflowing from rubbish bins. Larger households, those with children in nappies or a medical condition generating extra waste can apply for extra capacity, if specific criteria is met.

Additional recycling bins can be ordered if eligible.

Excess waste can be taken to Wilverley Road, Christchurch; Millhams, Bournemouth; or Nuffield, Poole Household Recycling Centres (HRC).

Recycle

Check that you are only putting items that can be recycled in your recycling bin.

We cannot collect bins containing items we do not accept for recycling. Please do not put recycling in plastic bags. Items should be clean, dry and empty.

More guidance on waste and recycling collections can be found on the website
